

Adithya Automotive Applications wins Best Performance Award

Awards and trophies are like a final verdict on your abilities to perform and excel. The winning of awards and trophies, by anybody in the 'family', are moments to rejoice and hail the winners. Adithya Automotive Applications (AAA), Lucknow, the joint venture member in the TRF family was recently awarded the Best Performer Award by Tata Motors at Macau, China.

AAA won this recognition after Tata Motors systematically rated its vendors on parameters of quality, cost, delivery, design

& development & management system. Tata Motors scrutinized several other vendors and eventually found AAA as it best body builder among all the application vendors, located across the country.

AAA caters to the requirements of the Fully Built Vehicles (FBV) department of Tata Motors, Lucknow. It manufactures and supplies tipper body variants i.e. 10 Cum., 14 Cum., 16 Cum., 9KL water tanker & 5kL, 4KL fuel browser for defense application as per guideline of FBV department.

“Mr P Chobe - Head Manufacturing CVBU (Commercial Vehicle Business Unit) who handed over the award to Mr KVS N Rao (COO, AAA) acknowledged the company's continual improvement in quality, delivery and cost with safety at workplace. He also appreciated the AAA team for their outstanding performance in small span of time.”

Congratulations to all at AAA!!!!
