Dear Sir,

It was a matter of great pleasure that the first 500MW Unit of Mouda successfully attained full load of 500MW on 19.04.2012. The Unit was formally synchronized with the grid on 08.04.2012. With this we start the glorious journey of power generation in this Region.

I would like to take this opportunity to express my appreciation to you and your team for the excellent contribution for achieving the full load of Unit#1. Also I convey my whole hearted gratitude for the outstanding cooperation extended by you.

I look forward to your continuous support, dedication and cooperation in declaring the Unit commercial as per schedule and maintain the tradition of excellence in future.

With regards,

Yours sincerely,
