

HEWITT ROBINS

A **TATA** Enterprise

Introducing the new **V-13 Flip Flow Screen**

The all-new Hewitt Robins Flip Flow Screen offers a flexible and economical screening and separation solution for waste and difficult to screen materials.

The main advantages of the Flip Flow Screen are:-

- Non-blinding screening mats – less contamination/less downtime
- Compact and modular construction
- Dynamic wear resistant screening mats that allow an efficient material flow – screwless mounted (fast changeover)
- The high acceleration on the screening mats ensures a self-cleaning effect
- Infinite adjustment of the vibrating parameters to match changing product characteristics/qualities
- Low operating and maintenance costs

To find out more about the Flip Flow Screen, please contact a member of our sales team on 01530 272799 or email sales@hr-int.co.uk
