

# Update: New Order & Old Orders

Indure Private Limited has placed a letter of intent on us for designing, engineering, manufacturing, testing/inspecting, supplying, loading, packaging & forwarding, transporting, unloading, site storing, erecting, commissioning PG testing of two sets each of wagon tipplers, side-arm chargers, apron feeders with electrical and PLC, ring granulators (four sets), vibrating grizzly feeders (four sets), motorised travelling trippers (two sets), idlers & pulleys (one lot) along with all accessories and complete mandatory spares for Muzaffarpur Thermal Power project.

H'ble Union Minister for Transport & Shipping Shri Nitin M Gadkari formally inaugurated TRF's Stacker cum Reclaimer at Haldia Dock Complex of Kolkata Port Trust on December 1, 2015. The Stacker Reclaimer has a capacity of 1500 TPH both for stacking and reclaiming coal.

## HISTORIC ACHIEVEMENT !!!

NTPL and NTECL have issued Trial Operation Certificate (TOC ) for their two and one 2000 TPH Ship Unloaders respectively, supplied by TRF in December 2015. TRF have for the first time designed, manufactured and successfully erected and commissioned ship unloaders of this size and capacity.

The issuance of TOC by NTPL qualifies for release of Provisional Take Over Certificate and in turn implementation of O&M contract by TRF.
